MESSAGE from MRS. TRISHA

"Today you are you! That is truer than true! There is no one alive who is you-er than you!"

--- Dr. Seuss

ST. PATRICK'S DAY PARTY

On Wednesday, March 17th, we will celebrate our St. Patrick's Day Party. As with our other class parties, we will send out a sign-up sheet for each class. The parties will take place during lunch time so students will not need to pack lunch on this day.

IMPORTANT DATES

- 2 - Dr. Seuss Day
- 3 - Teacher Workday, School closed
- 8 - Daylight Savings Time
- 17 - St. Patrick's Day Party
- Spring Break, 3/30-4/3
- Teacher Workday, 4/6
- Return to School, 4/7

FUN WITH FRENCH

In February we learned a new song "Je t'aime maman, je t'aime papa" (I love you mommy, I love you daddy). We talked about un coeur (heart) and Rosie talked about healthy food for our body (pomme-apple, banane-banana, fromage-cheese). Do not hesitate to ask them to sing for you, especially "Pomme de ReINETTE!"

---Mrs. Kathy

MUSIC

Our students are really enjoying working with rhythm instruments as we work on the end of year program.

CHAPEL

2025

In February, during Chapel Time, Pastor Beth talked to us about how each of us is made just a little bit differently, but that we are all special and wonderfully made by God.

TODDLERS AND TWOS

Our littlest learners have been working hard on being good friends in the classrooms: following rules, sharing with friends, and learning to communicate their needs. These are important skills they will need as they graduate to their next classes.

THREES

In February, we learned about foods that are healthy ("always foods") and foods that are unhealthy ("sometimes foods"). In March, we will begin to focus on the world around us as the seasons change from Winter to Spring.

PRE-K

We had a great time in February learning to care for our body and engaging in "Tuesday yoga" with Mrs. Glenda.

This month, we will celebrate Dr. Seuss's birthday and we will have hands-on Spring and Easter activities. The children will be introduced to new math concepts and we will work on letters M (Munching Mike), N (Noisy Nick), and V (Vicky Violet).

A list of books is displayed in the hall to help you initiate conversation with your child about what we read. You have received information about how your child is progressing. We are proud of each and all of them.
